

Memorial Park Cemetery

MAUSOLEUMS - EST. 1929 - MERCHANDISE

Because we love you

Because we love you, we made our cemetery arrangements at Memorial Park. After seeing what Mary went through when Jim passed, we knew it was time to do something. We understand this is a subject you never want to talk about, so we went ahead and made the decisions for you.

We spoke with a helpful advisor who showed us all of the choices they had to offer. We were surprised they had two spaces available right across from grandma and grandpa Miller. We even got our caskets, vaults and headstone picked out and paid for at the same time which made it so much easier. They also helped us fill out a preplanning booklet so that every detail is covered if something would happen.

We put these arrangements in the lock box so you know where to look. I'm sure the cemetery keeps good records of all this if you need to check with them. Because we love you, we did this for you.

Love,
Mom and Dad
